Education

Master of Science in Machine Learning — Royal Institute of Technology (KTH)	Aug 2025 – Jun 2027
Bachelor of Science in Business & Economics — Stockholm School of Economics	Aug 2023 – Jun 2027
Bachelor of Science in Computer Science and Engineering — KTH	Aug 2022 – Jun 2025
• Bachelor Thesis: <i>A Comparative Analysis of YOLOv11 Models: Impact of Object Size on Detection Performance</i>	

Experience

AI Engineer (Part-time) , Bankaktiebolaget Nordiska	Sep 2026 - Ongoing
• Recruited to architect and deploy autonomous AI agents and complex agentic workflows, aimed at automating multi-step banking operations and enhancing internal processes.	
Quantitative Risk Analyst/Developer , Svenska Handelsbanken	Jun 2024 – Aug 2026
• Built a privacy-preserving chatbot using small open-weight LLMs and a custom RAG pipeline to efficiently query internal documents.	
• Developed and implemented a new SAS-based tool for FX risk analysis, reducing manual workload by 2.5 hours per week.	
Teaching Assistant , Royal Institute of Technology (KTH)	Sep 2024 – Jun 2026
• DD1420 Foundations of Machine Learning, DD1368 Database Technology.	
Manufacturing Technician , AstraZeneca	Jun 2022 – Jan 2024
• Retained full-time and currently on student leave.	

Projects & Hackathons

Text Generation with LSTM Networks , Academic Project (DD2424)	Apr 2026
• Built and evaluated deep LSTM architectures against a baseline RNN for text generation.	
• Compared Byte-Pair Encoding (BPE) and Word2Vec tokenization, measuring performance via perplexity and cross-entropy loss.	
AI Investment Assistant , Nordea & AWS Hackathon	May 2024
• Architected a functional AI assistant demo using AWS Transcribe and LLMs to automate the processing, analysis, and summarization of earnings call data for investment analysts.	

Extracurricular Activities

Elite Basketball Player , Södertälje Basketboll Klubb (SBBK)	Jan 2017 – Aug 2022
• 2nd place in swedish national championships 2019/2020, captain during the 2020/21 and 2021/22 seasons.	
Business Developer , KTH AI Society (KTHAIS)	Aug 2026 – Ongoing
• Driving strategic partnerships with leading AI companies to bridge the gap between applied AI industry and students.	

Skills

Programming: Python (PyTorch, Pandas, Scikit-Learn), SQL, SAS, Java, C++, Bash
Machine Learning & AI: Large Language Models (LLMs), Agentic Workflows, Retrieval-Augmented Generation (RAG), Natural Language Processing (NLP)
Cloud & MLOps: AWS, Google Cloud, Docker, Git, Linux Environments
Languages: Swedish (Native), English (Fluent), Kurdish (Fluent)
